City of Atlanta Brownfields Assessment Program

The City of Atlanta has established a voluntary assistance program to provide no cost Phase I and Phase II Environmental Site Assessments (ESA) for select brownfield properties throughout the city. This program was established thanks to a grant from the U.S. Environmental Protection Agency's Brownfields Program and will end on September 30, 2016.

Candidate sites under the current assessment program are those that are considered brownfields, are located in priority areas of the city, will be redeveloped in the near-term and will serve as catalysts for other redevelopment efforts. Nominations for Assessments will be accepted on a rolling basis throughout the year and will be considered on a first-come-first-served basis.
