

What We Need

As a community we are here to urge our city officials to assist us in being more proactive and to support us in continuing the progress our community has made in making this a place we all enjoy living in.

Without stronger support from the city, law abiding citizens will continue to be at the mercy of criminals and absentee landlords. We need your help with laws and resources to enhance Code Enforcements ability to address vacant/ blighted properties.

Fast track process for code enforcement violations to reduce the excessive number of vacant homes that breed crime.

Increase foot beat police patrol and additional resources for Zone 4 particularly beats 401 and 402

Police department assistance in reducing persons perpetually loitering around Beecher/Cascade corridor businesses (Auto Zone, etc.)

Improved communication between residents and beat officers, so all eyes can work together in identifying potential issues.

Accurate reporting from News Stations to assist in altering the misperception that South West Atlanta is a single neighborhood with a high crime problem.
